Subject: RE: Gold King Water Quality Sampling - Preliminary Data

I spoke with Dan an hour or so ago, and recommended to him that he and Deb and I meet tomorrow morning to develop an organizational strategy for dealing with data and reporting requirements. They are going to call me in the morning. Stop by the Env Unit Room tomorrow morning as soon as you are able and I will update you.

Thx.

The Environmental Unit is expected to develop a complete set of reporting requirements tomorrow. I will have a data expert available tomorrow to record those requests and make it happen.

We need to get organized, it would be great to do this once.

Marty,

Can we get a spreadsheet of the preliminary data for are data assessment? In epaossc.org all I see is a PDF of the results.
